Notes:

We are **not** able to provide a 'supply to measurements service' like other standard theatrical costumiers and we cannot alter the sizes of the costumes available. We do have a good range of different styles and sizes of uniform costumes and will select based on the cast measurements that you provide. We always include a number of **spare German Officer jackets and trousers** to ensure you have a flexibility to mix and match to fit your cast.

We expect, and hope, that most groups can source white shirts, blouses and black skirts and trousers! If you have any questions about any specific item please [contact us](#).

If there are any challenges with meeting your cast measurements we will let you know in good time. You will understand the options for larger sizes can be restricted.

We also have a selection of riding boots in assorted sizes suitable for the Officers. Subject to size availability and an additional; £5 hire per pair. Available only to customers **to customers collecting and returning costumes in person (too bulking for shipping)**
